A THRILLING ADVENTURE that ranges across time and space, pitting one man against a invading alien horde that threatens a colony world, and against a hidden conspiracy to destroy the freedom of Earth itself. Blair Ewing must battle Klondi hordes, Sirian plotters, the forces of history, and the nature of time itself. It's a lot to ask of one man—but supposing there were *more* than one?

ROBERT SILVERBERG'S 1956 novel of space adventure and time travel returns to print in this FoxAcre Press edition. *Includes an introduction by the author.*
